

Getting Ahead in the Workplace

If you could write the story of your future,
how would it begin & end?

What is “Getting Ahead in the Workplace”?

A “kitchen table learning experience” for individuals living in poverty where we explore:

- The realities of conditions in your community and work and how they impact YOU
- Skills that give you confidence to do what it takes to get ahead
- How to build resources and make connections for a job
- Ways to deal with change and create stability in your life

“The secret of Getting Ahead is Getting Started” – Mark Twain
